“ I met Kathleen in 2014 in Little Rock AR. She had advertised for someone who could give her schnauzer Jake a home. She was torn about giving Jake away, but she told me to come see him. My husband drove me because I live in Oxford Ms. We got to her home and the minute I met Kathleen we connected, it was great because she felt that connection too. Jake took a liking to me as well. He came to me right away, she could see all was well. We visited for a while and Jeff, Jake and I set out for Mississippi. I had Jake home one hour and took him for his first visit to the vet. Dr. Sullivan said Jake was in good health except for needing teeth cleaning. I messaged Kathleen daily giving her progress reports with photos. I tried to make her feel ok for giving our boy to me. She was really happy even though she missed Jake. We talked often although I lost Jake in late 2016. We've kept up our talks and I cried about Jake, she always knew what to say to make me feel better. I miss our talks she is so missed by me, and I'm sure her whole family. I truly believe my precious friend is in Heaven with her beloved Al. I lost my husband Jeff in 2016. She said they were up in Heaven playing with Timmy and Jake now she is there at peace with them. God Bess you Kathleen I'll see you someday soon. Jean Bender
