Comments

“ I met Richard about 6 years ago. Being an expert myself, I recognized his skill and experience with his metal working and welding of the most difficult materials. We also conversed about numerous subjects unrelated to that. Hadn't seen him for months and found he passed recently. He will be missed.

“ I met Rich at the Eagles Club some 25 years ago. He was easy to talk to and we became friends. When he mentioned his mother was a Habart, I told him we had to be related. My grandmother Fran came up to the club a few years later and I introduced them and told her his mom was a Habart. She asked him his mom's name and when he said Eleanor, my grandmother smiled and said they grew up together, they were first cousins. Small world. Rest In Peace Cousin, you will be missed.
